THE EXHIBITION.

A slight rustling arose along the front seats of the audience and several female figures emerged and footed up the stairway leading to the green-room, followed by two gentlemen, one wearing a pleasant smile and stepping elastically, the other, a heavy look and moving heavily, all disappearing in the direction of the green-room. The Prize Banner Quickstep was executed by the orchestra and the curtain arose and Mesdames Hauser, Cooke, Farr and Messrs. Hauser and Cooke appeared upon the stage and sang a Concert Song with melodeon accompaniment by Mrs. Cooke. This group of performers embodies the principal musical talent of the place. Also, it represents a musical Pleiades or broken cluster of musical stars originally "fixed" in rare perfection in the upper firmament or choristal gallery of our Union Church, still most revolving there, but possessed of "wandering," and now descended to sing at the Amateur Benefit Entertainment. They are somewhat celebrated for the rare melody of their voices, finished touches and creative musical powers generally, of all which the example presented bore harmonious testimony. The song, "The Union," was sung and played in the degree of excellence and style of finish which mark all their efforts presented to public consideration, and was greeted by the enthusiastic expressions of gratification which always await them when they deign to sing. Music is the language of the soul, its chosen and most-cherished language in which its happiest, noblest, most sacred and devotional emotions, best find tongue. On earth, the eloquence of sound. In Heaven, the language in which angels address the Throne. It is the divinity of sound. Music! A native bows to it. After which came the amusing after-piece, "Popping the Question." This farce presents a "proposition" of love in entanglement. Mr. Henry Primrose indulges in love-pursuit of Miss Ellen Murray. The Misses Biffin and Winterblossom indulge in love-pursuit of Mr. Henry Primrose. Also, a certain Mr. Henry Thornton shows decided disposition to indulge in love pursuit of Miss Ellen Murray who shows decided disposition to favor Mr. Henry Thornton's love pursuit, and a certain Miss Bobbin who has no love pursuit of her own of any kind to attend to, exhibits her appreciation of the joke of being left unprovided in this particular by indulging in the pursuit of merrily bobbing around and covertly making fun of others love pursuits, poking fun at Mr. Primrose constantly, and pushing Miss Ellen Murray, upon every possible occasion, into the arms of Mr. Henry Thornton, who, of course, with such a "Bobbin" for an assistant, succeeds in knocking Mr. Primrose's "shuttle" sky-high, as regards his "proposition" of love pursuit of Miss Ellen Murray, leaving poor Mr. Primrose still pursued by the love propositions of the Misses Biffin and Winterblossom from whom he at length escapes, barely single and alive. W. G. Thompson played the character of Henry Primrose and played it in his usual happy style. Thompson's characters always are amusing, he never fails to awaken merriment, nor to draw the applause of the entire house. The character of Thornton was creditably sustained by J. B. Clark. Miss Ella Molter's reputation for Dramatic readings signify the order of excellence in which the character of Miss Biffin was rendered. Miss Sallie Phillips' *debut* in the character of Miss Winterblossom was marked of promise. Miss Ella Halsey's "Ellen Murray" was fine, presenting an engaging, realizing glimpse of the supposed drawing-room attractions of that much sought beauty. But the "star of the evening" was Miss Grace Halsey, whose admirable conception of the frolicsome "Bobbin" probably marks the point of merit which had been reached by these Dramatists at that period. As the curtain descended upon the play of "Popping the Question" Messrs. Austin, Montplaisir and Glasscock struck up the "Village Festival Waltz," which closed the performances of the Amateur Dramatists at Dutch Flat on Saturday evening, March 2nd, 1867, and brings us down to modern times.—In the days when the drama flourished and talent sought the stage as the surest road to fame, a play-goer possessed of aspiration but entirely unpossessed of dramatic qualities, languished in desire to distinguish himself. Revolving his ambition in mind he at length conceived the design of embarking in historical pursuit, and transmitting down an account of the times in which the Drama flourished. The design embraced a sketch of the masses with remarks upon their condition, pursuits, habits and appearance with an illumination of the Drama as the chiefest charm of the time. Reflecting upon the execution of the design it was adjudged that the happiest manner in which its labors and difficulties could be surmounted, and in which the most faithful, and consequently the best possible picture of the times could be secured, was simply to "hold the mirror up" to the Drama while going on, and reflect the living masses and the living Drama posterityward together, to speak for themselves. Selecting the occasion of the most attendance of the Drama ever offered, or likely ever to be offered in his native town, the reflection was cast. Friends, the mirror has finished its task. It is claimed that its reflections have been just. Also that they have "traveled." A single chord now remains to be struck. It is written as chords of triumphant marches to Fame and to other places sometimes terminate. Marked

[COMMUNICATED.]

DUTCH FLAT, March 9th, 1867.

MR. EDITOR:—We an' my cousin Henry (I call him "Hen" for short) went to see the anitures perform their second show; well, as the ground was moist, by my advice we put on our gum-boots and took a handful of chawin gum in our pockets. When we started for the theater across the creek, which we forded with our gum boots and a pole for a feeler, (perhaps that ain't grimatical Mr. Editor but we will try an' stick to facts, not becose our mouth is stickey but becose "truth is like the precious diamond," &c. Well, arter we got across the creek, (the creek is about one hundred feet wide by a good deal longer) we had to take off our gum boots and drane the water out on 'em, an' then we twisted our socks so hard that they were dry in less the time than it takes me to tell it. But the boots were not dry an' ma' be they smelt a rat or smelt sumthin' else, or I think they smelt but I don't know how they smelt, but that other feller says they smelt of gum boots; well, we got our boots on an' went to the show. When we got to the door we looked in an' seen a whole lot of folks in there an' a lot a stanin' round the door, an' so we thot that we must do so to, cose we go on the principle that our great gran' fathers used to tell us, "never forget that you're a *gentleman*. Well, as I said afore, we started to set down, when a very huge feller collared us an' sez he "take tickets gentlemen, afore you go inter the show." "What!" sez we, "ain't this 'ere a free show?" Sez he "yes, only we take up a collection at the door of a half a dollar." Well, we forked over a half a dollar, an' never thot of askin' what the money was to go fur. But then we didn't care a cent fur it arter it got out out of the kind jurisdiction of our pockets. Well, we went inter the show to see the crack actors put on airs. They did flustrate, splendid capital, but if they had had me an' my cousin Hen there I do believe hey'd, a done better. But the feller that we got interested in was Handy Andy. He was mighty onluckey tho, for in goin' across the aforesaid creek he got his light-colored suit of black all splattered with mud. 'Twas jes' like him tho, fur he was all the time a makin' blunders, such as droppin' his sweety inter the mud or bringin' oysters that had their mouths open. But I ain't a goin' to say too much fur him, cose I don't bleavd in flatterin' such old folks. An' then there was Oonah Rooney. Oh! I jes' fell in love with her up to my nose an' ears. She wanted one more kiss, but Andy, thoughtful, considerate Andy thought that too much sweet wasn't good for her health. An' Mad Nance performed her part splendid and was well applauded. BEV.

A man named Edgar Lapton, who has been playing the part of a spiritualist medium in Louisville, Ky., was recently suspected of being a counterfeiter, and on the 25th instant his baggage was searched, and $10,000 in spurious money found in his trunk.

The Atlanta journals are rejoicing over a decrease of railroad rates between that point and New Orleans. They think still lower rates may be obtained and a cheap route established by water to Montgomery, and thence by rail to New Orleans.

Horace Greely, Henry Ward Beecher and Clement L. Vallandigham are invited to deliver lectures in a course for the benefit of the poor in Atlanta, Ga. It was so resolved at a meeting of the Executive Committee on the 22d ult.

The proposition for removing the capital of West Virginia has been postponed till the 5th of February. Charleston, Parkersburg, Grafton, Buckhannon, and Clarksburg are competing for the location.

The operatives of the Wamsutta (Mass.) Mills, having been notified of a return to the eleven hours day work on February 1, held a meeting recently to protest against the change.

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S

PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

SEMI-WEEKELY ENQUIRER.

WDENESDAY, MARCH 13, 1867.

THE NEW DODGE.

The Reconstruction bill has become a law; and now the plan of the rebels is, to hurry up Constitutional conventions as fast as possible. They are thoroughly organized, Jno. M. Botts tells us, in Virginia, and so they are, doubtless, in every State; they want to vote at once, without registration, and under the direction, control and management of rebel judges of elections, before the Union men can rally and organize. The South never can unlearn her tricks; she cannot see how utterly useless it is and will be to undertake to establish and continue Confederate supremacy, either by making haste or getting judges who'll stuff the ballot box, or by any other means. They must remember that all their action is to be reviewed by Congress, and that no hurry or trickery will avail them anything; on the contrary, it will only necessitate the going back over all the ground again. For let the South set it down once for all that they can never get back into the Union under rebel rule. Tyranny and injustice has had its day. Never more shall Union men suffer persecution and death in any State in this Union. They may hope against hope, that by impeaching Governor Wells in Louisiana, or by rushing into elections they can get and keep political power, it is all an idle dream. The people of the United States have determined that justice shall prevail before Southern representatives shall set in Congress. No rushing, whooping, or yelling, no attempt to carry things by storm will win at this stage of the fight. Our battle is for the rights of man, for a peace and Union founded upon perfect liberty. A full and fair chance for all true men to express their sentiments at the ballot box. They must have time to unite, organize and discuss all questions, and select the right men to represent them in the State and National Governments. Their best plan will be to make haste slowly.

THE FORTIETH CONGRESS.—The opinions of members have been sufficiently developed to determine the duration of the present session. By a joint resolution passed in the House by 101 to 14. Congress, after the transaction of some executive business by the Senate will adjourn to the 8th of May. By which time, New Hampshire, Connecticut and Rhode Island will have had elections and be represented, California will be without representation. The Committees of the House will not be announced until after the recess excepting a committee on impeachment. On that question, according to the *Tribune*, Congress is nearly equally divided. A majority, however, being in favor of impeachment. In the Senate the committees have been announced.

A GOOD OPENING.—A correspondent writing from Cisco sadly and dolefully complains of the lack of good hotel and restaurant accommodations at that place, and closes in the following pathetic style: "For the sake of common and suffering humanity insert this! so that some persevering individual may have a chance of doing well and many may be saved from premature death. * * * We are deplorably bad off here, not for want of provisions but for persons to cook and superintend the preparation of our food. Many, in self-defense, have determined to brave the annoyance and vexation of hoarding themselves because they are unable to procure food prepared in a wholesome manner at the hotels and restaurants."

We were under the impression that Cisco was blessed with one good landlord, at least, L. P. O'Connor formerly filled the bill of "knowing how to keep tavern" to our own knowledge.

ABOUT TO LEAVE.—The "oldest inhabitant" of Iowa Hill, Mr. Samuel N. Calvin, will be off for his "old Kentucky home" in a short time. Mr. C. located himself at Iowa Hill in 1852 when but but a boy, and worked in the mines for a considerable time, saving his earnings and making frequent remittances to the old folks at home. In 1853 he started an Express line, connecting with Wells, Fargo & Co. at Yankee Jim's, and other places. Early in 1854 he started and built up the business of Wells, Fargo & Co. at Iowa Hill as sub-agent. When business became depressed on the failure of Adams & Co., he bought the stage line between Iowa Hill and Illinoistown, until he embarked again in the Express and Banking business, in which he has continued up to the present time. Mr. C. has earned many and warm friends during his residence at Iowa Hill who will consent to his departure with regret. During his business transactions as Banker, Expressman and Postmaster, we have heard of no just complaint against him. He was proverbially kind and accommodating to the extent of his ability. He will leave a void in the business and social circle in our sister town that will be difficult to fill. Good luck to you, Sam.; may your course through life be as prosperous as your integrity and kind-heartedness entitle you to be.

AN election held at Alexandria, Virginia, since the passage of the Reconstruction Act at which the negroes claimed the right to vote has been set aside by the military commander and a new election ordered, by virtue of authority conferred by the Reconstruction Act. The feeling so far as developed at the South shows a bitter hostility to exist against the Act. Having formerly and solemnly presented to the "wayward sisters" the terms upon which they may return and resume their places in the great galaxy of States it is to be hoped for their good, peace and prosperity, as well as that of the nation it will be accepted. The last sixteen months for a second sober thought may not be without its influence. The experiment of "swinging round the circle" ought to be satisfactory without repetition in any form.

LECTURE.—The Rev. J. E. Benton will repeat his lecture on Statesmanship at Gold Run to-morrow evening. During the evening, the lecturer will read "Sheridan's Ride," and "My Maryland."

THE LECTURE.

On Friday evening last the second lecture before the Dutch Flat Lyceum was delivered by the Rev. J. E. Benton, of Sacramento, the subject being statesmanship. Any attempt at criticism or a complete and satisfactory statement of the merits of a discourse of an hour and three-quarters in the narrow space of a newspaper paragraph must necessarily be incomplete. A general outline, however, conveying an idea of its spirit, general scope and more prominent characteristics will not be uninteresting to the general reader though unsatisfactory to the lecturer. We devote more space on this occasion than usual, to show the manipulations of the different candidates who present themselves for the endorsement of the people; and as it is believed that "straws show the direction of the wind," so, perhaps, the assertions of those aspiring to prominent positions indicate the line of policy to be pursued by them in case their efforts are successful. We state merely the more radical points as enunciated by the lecturer in the course of his discourse, and claimed by him as necessary to the accomplishment of the great plan foreshadowed by the liberty party now in power. In this particular, however, we think Mr. B. greatly in advance of the opinions of the people of the day, as, indeed, he is of the capacity and fitness of the subject for whose elevation he is laboring. We state his propositions, leaving the reader to be his own judge as to whether they are correct: The lecturer proceeded with an analysis of the mental endowments or attributes of mind common to man, but more especially those which enter into the mental characteristics of great men, maintaining that they must exist in great strength and proportion in any combination of mental powers, forming a great statesman. He must have a quickness of perception with great breadth of vision, at once grasping and interpreting, by those immutable laws, established by the Creator between man and man, the significance of every great event transpiring within the field of human government and Christian civilization. He must have a breadth and comprehensiveness of reason, a mental penetration and analytical power to comprehend in what respect and to what extent human laws, usages and customs are in conflict with those primary relations on which all human governments, all social and civil institutions are supposed to be founded; he must know when, how and to what extent and by what measure or measures of reform, human governments and institutions, unequal and unjust in their operation, can be made to conform to those relations engraven by the finger of God on every fibre of our being, laws which he is causing to be executed among the nations, and by which he is governing the world. To work these reforms effectually, he continued, the statesman must be able to read men, to look into their inmost hearts and minds, must be able to measure their moral as well as their mental capacity, so as to know what duties to assign to each. As a key to this knowledge of men he must understand the Grecian aphorism "know thyself." Such rare qualities of mind not only make him a wise and just legislator, but a skillfull manipulator of political assemblies. With power over his own temper, he must be bold and fearless; the unwavering defender of the right and the denunciator of the wrong. He did not, however, state that the statesman should be thoroughly conversant with the history of modern civilization; especially with the primary sources of la w, unwritten and written; with our system of jurisprudence in all its revisions, by which the prunings of cumbersome, arbitrary and oppressive forms through centuries, has become a more perfect science, vivifying and beautifying with more exact justice every phase of human life and activity. Presuming, doubtless, that the audience would admit the possession of such varied and profound learning. As types of the more illustrious class of statesmen, he cited Samuel Adams, Thomas Jefferson and Thomas Payne of revolutionary memory, and John Quincy Adams, Joshua R. Giddings and Thaddeus Stevens, of our own time. He said that "a strong spinal column capped with a massive brain and a large heart underneath, is, perhaps, the most comprehensive definition of a great statesman." Beecher, Greeley and Grant were also referred to as being deficient in "back-bone," in radical terms, whose mistaken leniency and disposition to compromise on great principles, excluded their names from the roll of honor. In alluding to the question of negro suffrage as a measure of reform imperatively demanded, he expressed himself in an unequivocal manner, and said that the people should require the next State Convention to demand a pledge from its nominees to use their influence for the adoption of impartial suffrage, and the word "white" be stricken from the Constitution. That we must rise above the prejudice of the age against the negro. Whether the lecturer spoke from the 'book' to be used as authority in that convention, or only from the corrected proof-sheets, of a single chapters already in form, "and to constitute a part of it when finally made up upon the assembling of the next State Convention, we are not advised. In this summary we have not used the language of the lecturer except in certain cases, being satisfied in giving, as far as possible, the aim and scope of the discourse. His lecture abounded in ultraisms of the radical nature, and could not be complained of by those who essay to lead public sentiment.

We call attention to the card of Dr. D. G. Turney, in another column. The Doctor has recently returned from the Eastern States where he has been sojourning for the past six or seven years and has determined to settle again amongst us, where his old friends and acquaintances can have the benefit of his science and skill.

VICTOR COUSIN, the celebrated founder of the Eclectic School of philosophy in France, died of Apoplexy on the 14th ult., in the seventy-fifth year of his age. He was born in Paris, Nov. 28, 1792.

NAVAL OFFICER.—A. J. Bryant, an old resient and merchant of San Francisco, who has been absent at the East for several months, returned on the last steamer. He has been appointed Naval Officer of the Port, and the selection has been right worthily made in every particular.

JOHN C. BRECKINRIDGE ON THE MAGNANIMITY OF THE NORTH.—"Burleigh," the New York correspondent of the Boston *Journal*, communicates to that paper the following:

A gentleman of wealth and position in this city has just returned from Europe, where he has been spending two years with his family. He had repeated interviews with leading rebels abroad, Mason, Slidell, Breckinridge and others. Mason and his crew he represents as defiant, rebellious and insolent. But Breckinridge was in an entirely different frame of mind. He made no concealment of his opinions and feelings. He said the South had attempted a revolution. They had thrown everything they had into the contest. That they had been more than whipped, they were subjugated and utterly ruined. That by the law of nations and the laws of war, they had no rights. They were at the mercy of the conquerors. He said the magnanimity of the North was unparalleled. The history of the world would be searched in vain to discover such clemency on the part of conquerors as Congress offered to the South after involving the Government in such a terrible conflict, with so awful sacrifice of treasure and blood. He was astonished at the blindness and madness of the South in not accepting the humane and merciful provisions of the constitutional amendment. He assigned as a reason for not coming home that he was waiting to see what disposal was to be made of Jefferson Davis, as he considered his own fate to be involved in that of the chief of the late Confederacy.

COLD BLOODED ASSASSINATION OF A TENNESSEE STATE SENATOR.—We were overwhelmed with grief last evening, (January 16th) on hearing of the brutal assassination of Dr. Almon Case, Union Senator from Obion county, Tennessee, who was shot dead a few evenings since by an assassin. Our present information is as follows: Senator Case had gone to a neighboring town. Late in the evening a man rode up and called for him to come out. Mrs. Case went to the door, and in answer to the man's enquiry replied that he had gone to town. The man rode off in the direction indicated, and met Senator Case on his return with whom he rode back. On approaching the house the assassin pretended to depart but immediately after wheeled and shot his unsuspecting victim dead, and made his escape.

Senator Case was a good, brave and faithful man, an advocate of progress, and an enlightened public officer. He was an early friend of colored enfranchisement, and it is worthy of particular note that he was in favor of universal amnesty, and allowing all citizens to vote, irrespective of their political antecedents or color. But his liberal views made him no less obnoxious to rebel malevolence. He has fallen by the hands of one of the very men whom he was ready to pardon and restore. Only a few days prior to the beginning of the present session, his son, an excellent lad of sixteen, was shot dead while the family were returning from church, where the young man had just made a profession of religion. The father was wearing crape for his murdered son at the time of his own assassination.

Thus another name, full of honor, has been added to the martyrology of our State—the name of one who lived without fear and perished without reproach.

The Union cause will not be checked in its course by such horrid occurrences.—*Nashville Press and Times, Jan 16th.*

SEMI-WEEKLY ENQUIRER.

LETTER FROM COLFAX.

COLFAX, March 12th, 1867.

MR. EDITOR:—Since Thompson's colt swam the river three times for a drink of water the old saying, not necessary to mention, has been in vogue. From time immemorial the feat performed by that celebrated animal has been unexcelled and unequaled but in few instances. An instance in our town will, perhaps, come as near to the exploit as any in my recollection. In speaking of passing events your correspondent had occasion to speak generally of our Dramatic Troupe and of their then recent appearance before the public, not recollecting the names of the last two or three pieces performed I necessarily had to draw to a limited extent, upon my imagination. Being informed that there were two or three shoemakers who were members of the Company, I supposed that if I touched off gently that respectable branch, the personality would be so divided that none would be offended, or at least, sufficiently so to reach the fighting point. In this I was disappointed, for an attack upon a hornet's nest would not have raised a more belligerent crowd. War was declared on all hands against your correspondent and actual hostilities threatened. I attempted an apology but it was indignantly rejected and more active preparations made for war. To ward off trouble as much as possible and to make mutual friends to bring about a settlement, your correspondent retired from the active theatre of difficulties to the more quiet and congenial retreat of Rice's Bridge. Here I remained several days and to this circumstance your readers may attribute the correct description of Illinoistown and other places contained in my last. If that has tended to please them it will greatly assuage our grief. It is the lone consolation left. I am fond, you know, of the glittering bauble of the crowd, yclept popularity, and this unfortunate affair has made me the most unpopular man in Colfax. When I returned I found myself still in hot water, I was badgered from one end of town to the other, frequently dared to fight, which I respectfully declined, turned out of the publishing office of Jno. Suttin & Co, and to add insult to injury, in their issue of yesterday I was the worst abused man you ever saw. In one place I was sketched in common, ordinary habiliments by their artist, Hill; in another I was presented in a full rigged Fenian uniform; and in still another I was represented in close proximity to an excited individual's fist. Sadly ruminating upon the uncertainty of human affairs and fully determined to mend my ways I retired that night a sadder, if not a wiser man. It was not destined however, that my troubles should cease. "Misfortunes never come singly," for on opening the Placer *Herald* I found an individual from this place had assumed my *nom de plume*, and I feared for a time I was not really myself. It is said that

"He that filches from me my good name,
Robs me of that which not enriches him
And makes me poor indeed:"

But in this instance, by robbing me he has attempted to leave me, through the name, an inheritance which I totally and unequivocally reject. The reputation acquired through your paper is mine and by it I am willing to stand, however little it may be prized by some. And when the name is made the retailer of course Copperhead slang, mixed with an overdose of falsehood and personal vituperation, I feel it my duty to speak. I consequently denounce the author and the vile plagiarism by him committed. Let him in the future assume the name of Doughface, Copperhead or Rebel, either of which will be a suitable covering to his principles.

"——But my fair name,
No dark dishonor's use thou shalt not have."

IMPROVEMENTS.

A number of improvements that will greatly add to the beauty and permanency of our town are projected. The Masonic order have purchased a lot on Front street and contemplate erecting a large two story brick building the coming season. The first floor will be rented and the upper reserved for the use of the Order. It is also proposed to erect a large and elegant church the ensuing season; this is greatly needed, for at present our people are compelled to worship the Creator in a building erected and used for a time in the worship of a different "deity." Through the activity of the Temperance Society, Dramatic Troupe and others of our enterprising people it is hoped that this once bacchanalian place of resort will soon be abandoned for a better. The Odd Fellows are fitting up Brickell's Hall for a Lodge Room and expect soon to be organized into a working body. The best wishes of your correspondent go with all these Orders. By them society is everywhere improved and a better state of morals are made to exist. The roads to and from this place are rapidly improving; but they have been, up to last week, in a most wretched condition. Two turnpikes run from here to Grass Valley, each of them is the best and nearest road when you are talking with the different proprietors. Both are said to be macadamized, but a teamster told me the other day that the bottom had fallen out and a number of Himes' turtles had escaped through the opening thus made. In the neighborhood of Kilmer's Ranch, one mile from town, the miners have been steadily making, with surface water, from $8 to $10 per day during the winter; the water is about gone now as it is an elevated region. If you would only send us down a portion of your surplus water, there is a section here that will undoubtedly equal Gold Run. Yours truly,

OCCASIONAL.

GRANT has recommended Generals Thomas, Meade, McDowell, Sickles and Schofield, as commanders for the five military districts into which the ten States have been divided.

ORDERED EAST.—It is reported that Major General Irwin McDowell, commanding the Military Department of California, has received orders from the War Department at Washington to proceed East forthwith, to assume the command of one of the Military Districts recently established at the South by the Reconstruction Bill.

The newly opened mines in Christian county Missouri, are reported as yielding very richly. Three thousand pounds of pig lead have been brought to St. Louis. Several hundred pounds of bar lead of great softness and very malleable, have also been sent to market.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. REDINGTON & CO.'S COLUMN.

REDINGTON & CO.'S
ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skilful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside the cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. Which for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to DR. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc.,

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to secure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and imperfect secrecy.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubts as to whom you may employ, ask Dr. Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœa, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE,

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. Whether celebrated Lock Hospital in London, and the noted renowned Establishment of Ricord in Paris, this Institute has become to the Pacific coast. The thousands annually received and yearly place it at the point of maturity. Patients among the very best of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system, and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is habitual any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts: Gonnorrhœa and its accompanying diseases, and all diseases of the Bladder, Kidneys, and prostate; Seminal Weakness Diseases of the Heart and Lungs: Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and inceivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds the life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paroxyics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

Sent by Mail or Express, to any part of the State. The GREAT FEMALE MEDICINE! PREVENTIVE POWDERS for MARRIED LADIES. New, Safe and Infallible, lasting from four to six months. Price, $10. French Lunar, or Female Monthly Pills, for suppressions. After fifty years of use, these Pills stand unrivalled in efficacy. Price $5 per box.

Patients residing in any part of the State, however distant, who may desire medical advice on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are assured that their communications will be held most sacred.
